TEST EXECUTION SUMMARY & SIGN-OFF DOCUMENT

- Project Name - TutorLink
- Document Name- Test Plan
- Version-1.0
- Prepared By-Tishany T. (CT/2021/088)
- Role-Developer & QA Tester
- Date-24 December 2025
- Application Type-Web Application

1. Introduction

This document provides a summary of the testing activities performed for the **TutorLink web application**. It includes test execution results, defect status, and the final QA sign-off recommendation for the system.

2. Test Scope Summary

Testing was conducted based on approved requirements, use cases, and test cases covering the following modules:

- Student Signup & Login
- Student Dashboard
- Tutor Search & Request Management
- Profile Management
- Feedback & Notices
- Tutor Dashboard
- Access Control & Session Management

3. Test Execution Summary

Item	Count
Total Test Scenarios	48
Total Test Cases	36
Test Cases Executed	36
Test Cases Passed	36
Test Cases Failed	0

- All test cases were successfully executed

4. Defect Summary

Severity	Count	Status
High	1	Closed
Medium	3	Closed
Low	0	-
Total Defects	4	All Closed

Key Defects Identified:

- Profile image upload failure due to missing Firebase Cloud Storage
- Dashboard content not updating dynamically
- Login validation error handling
- Request submission validation issue

All defects were:

- Logged
- Fixed
- Retested
- Closed

5. Retesting & Regression

- Retesting was performed for all fixed defects.
- Related test cases were updated with:
  - Status = Pass
  - Defect ID retained for traceability
- No regression issues were identified.

6. Traceability Confirmation

- Each defect is linked to the corresponding test case ID.
- Each test case is mapped to a valid test scenario.
- Requirement Traceability Matrix (RTM) confirms 100% coverage.

7. Final QA Evaluation

Based on the executed test cases and defect resolution results:

- All critical and functional requirements have been validated.
- No open defects remain.
- The system meets expected functional behavior

8. QA Sign-Off Decision

- The TutorLink web application is APPROVED for deployment / submission.

9.Approval & Sign-Off

Tested and Approved By:

- Name: Tishany T.
- Role: Developer & QA Tester
- Signature: Tishany T.
- Date: 24 December 2025
